SUPREME POWER

The 812cc, DOHC, three-cylinder, liquid-cooled, digital fuel-injected engine generates a generous 48 lb-ft of hardworking torque. Complemented by a Continuously Variable Transmission (CVT), power delivery is instant and consistently smooth. Selectable 2WD/4WD and a dual-mode rear differential with differential lock help produce further ground-gripping performance.

GET IT DONE WITH DIESEL

MULE PRO-DXT™

The versatile MULE PRO-DXT™ side x side is outfitted with a rugged full-size chassis capable of moving gear, tools, materials and people around the jobsite with efficiency. A hardworking, built-to-last, 993cc diesel engine produces plenty of torque to tackle the task at hand.

MULE PRO-DXT™ EPS in Bright White

DIESEL STRONG

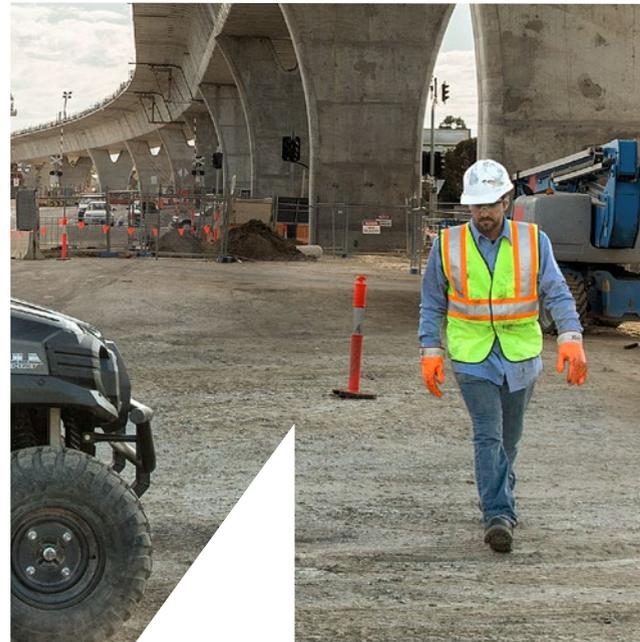

An efficient three-cylinder diesel engine produces over 38 lb-ft of torque at low rpms to maximize efficiency for jobs that require hauling or towing high-capacity loads.

COMFORT & CONVENIENCE

The MULE PRO-DXT™ side x side fuses comfort and convenience into a rugged machine that's built for the long haul. The spacious cabin features thick cushioned bench seats for all-day comfort on the jobsite and generous leg, shoulder and head space. Retractable three-point seatbelts, grab handles, 12-volt DC power outlets and an over 12-gallon under-seat storage bin are among the useful amenities.
